• PYTHON SCRIPTING | WEB SCRAPING

WORK EXPERIENCE

Freelance Full-Stack Developer
Byte Force — Remote
Mar 2025 – Present

- Developed three production-grade web applications using Next.js and Payload CMS tailored for client-specific needs.
- Implemented multi-language support (Arabic & English) ensuring seamless user experience across different locales.
- Built fully responsive front-end interfaces optimized for various devices and screen sizes using Tailwind CSS and modern design principles.
- Integrated SSO (Single Sign-On) functionality via Google and Facebook OAuth to simplify user authentication processes.
- Applied SEO optimization techniques to improve website visibility on search engines and ensure higher ranking.
- Collaborated closely with the client to deliver scalable, maintainable, and secure web solutions.
